OFFICIAL FOR USE

**Veterinary Health Certificate for Export of  
Returning competition horses from the United States of America to Republic of Korea**

**Veterinary Authority**

UNITED STATES DEPARTMENT OF AGRICULTURE

**Date Of Issue**

August 6, 2017

**Certificate Number**

VS-AL-17-KR-282-00009402

**Certification Statements:**

1. Returning horses have been within one or more designated countries (Singapore, Japan, the United Arab Emirates, Hong Kong, Ireland, the United Kingdom, France, and the United States) for 90 days or less prior to returning to Korea.
2. Dourine, glanders, African horse sickness, Venezuelan equine encephalomyelitis and equine encephalitis (Eastern and Western) are compulsorily notifiable in the United States.
3. Any premises on which returning horses resided during the stay in the US was free of reported cases of dourine, glanders, African horse sickness, Venezuelan equine encephalomyelitis, equine encephalomyelitis (Eastern and Western), vesicular stomatitis, equine infectious anaemia, equine piroplasmiasis (Babesia caballi and Theileria equi), strangles, rabies, surra, epizootic lymphangitis, Hendra virus infection, Nipah virus infection, anthrax, West Nile fever, equine viral arteritis and equine influenza, for at least 60 days prior to return.
4. A long-acting insecticide approved by the competent authority of the United States was applied to returning horses during the time the horses have been resident in the United States.
5. During the stay in the United States, the returning horses were not in contact with equidae suffering from any infectious or contagious disease or any horses of other than the same health status except for during the training and racing under USDA- accredited veterinarian supervision.
6. The returning horses shall be examined within 48 hours of export by a USDA or USDA- accredited veterinarian, and be found clinically healthy and free of external parasites and any clinical signs of infectious or contagious disease.
7. The name(s) and address(s) of premises where the returning horses stayed while in the United States and the duration of the stay are attached.
8. I have checked the USDA APHIS IREGS and read in its entirety the protocol for Returning Horses to the Republic of Korea and understand all associated additional requirements, as applicable, have been followed accordingly.
